

Evaluation Report for Category B, Subcategory 4.6 Application

Application Number: 2023-0752
Application: Fulfill requirements of registration
Product: MINUET
Registration Number: 33651
Active ingredient (a.i.): *Bacillus subtilis* (strain QST 713)
PMRA Document Number: 3553944

Purpose of Application

The purpose of this application was to fulfill the Section 12 post-market requirement for storage stability data for MINUET.

Product Characterization and Analysis

The storage stability data on four lots of MINUET showed that *Bacillus subtilis* strain QST 713 was stable at room temperature over a period of 36 months. These data fulfill the requirements of registration originally identified for MINUET.

Health, Environmental and Value Assessments

Health, environmental and value assessments were not required for this application.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided, and has found the information acceptable to fulfill the post-market chemistry requirements for MINUET.
