

## Evaluation Report for Category B, Subcategory 2.1 Application

**Application Number:** 2024-1290  
**Application:** Changes to End-use Product Chemistry  
**Applicant:** Novozymes BioAg Limited  
**Product:** Taegro  
**Registration Number:** 30720  
**Active ingredient (a.i.):** *Bacillus subtilis* var. *amyloliquefaciens* Strain FZB24  
**PMRA Document Number:** 3644618

### Purpose of Application

The purpose of this application was to add a blending site, packaging and labeling site and amend the blending process for the registration of Taegro.

### Product Characterization and Analysis

Acceptable information and data were submitted to support a slight modification in the blending process, the addition of a new blending site and the addition of a new packaging and labelling site. Batches of Taegro produced at the new blending site met the minimum guarantee of  $1.0 \times 10^{10}$  CFU/g.

### Health, Environmental and Value Assessments

Health, environmental and value assessments were not required for this application.

### Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided, and has found the information acceptable to amend the registration of Taegro.
