

Evaluation Report for Category B, Subcategory 3.14 Application

Application Number: 2013-6559
Application: Product Labels - classifications
Product: Residential RootX 30
Registration Number: 26437
Active ingredients (a.i.): Dichlobenil
PMRA Document Number: **2403890**

Purpose of Application

The purpose of this application was to change the classification of the product Residential RootX 30 from commercial to domestic. Residential RootX 30 for use in sewer lines to control root obstructions fits within the registered use pattern for dichlobenil.

Chemistry, Environmental and Value Assessments

Chemistry, environmental and value assessments were not required for this application.

Health Assessments

Toxicology and food residue assessments were not required with this application.

The change to domestic class registration for Residential RootX 30 is not expected to increase exposure over the currently registered use pattern for dichlobenil on sewer roots. No risks of concern are expected when workers follow the label directions and wear the personal protective equipment identified on the label.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the available information and is able to support the change in classification from commercial to domestic for the product Residential RootX 30.
