

Evaluation Report for Category B, Subcategory 4.6 Application

Application Number: 2014-5987
Application: Submission to fulfill conditions of registration on a product with full registration
Product: Stratego 250EC Fungicide
Registration Number: 27528
Active ingredients (a.i.): Propiconazole and Trifloxystrobin
PMRA Document Number : 2514154

Purpose of Application

The purpose of this application was to fulfill conditions of registration for Stratego 250EC Fungicide for a claim of control of eye spot and northern corn leaf blight in corn.

Chemistry, Health and Environmental Assessment

Chemistry, health, and environmental assessments were not required for this application.

Value Assessment

Six efficacy trials were submitted to support the claims of control of northern corn leaf blight and eye spot on corn (sweet and field corn). Data demonstrated that both propiconazole and trifloxystrobin contribute to the performance of Stratego 250EC Fungicide against both diseases. Stratego 250EC Fungicide demonstrated a claim of control of northern corn leaf blight and eye spot on corn when applied at 730-880 mL/ha.

Conclusion

The PMRA has reviewed the information provided in support of this application and has determined that the conditions of registration have been fulfilled.
