

## Evaluation Report for Category B, Subcategory 4.6 Application

**Application Number:** 2018-1294  
**Application:** B.4.6: Address Requirements for Registration  
**Product:** balEnce Biological Beetle Bait  
**Registration Number:** 30546  
**Active ingredients (a.i.):** *Beauveria bassiana* strain HF23  
**PMRA Document Number:** 2998493

### Purpose of Application

The purpose of this application was to address the outstanding requirement for full registration, and to extend the storage interval of the end-use product. The outstanding requirement for full registration pertained to potency data for balEnce Biological Beetle Bait Beetle.

### Health, Environmental and Value Assessments

Health, environmental and value assessments were not required for this application.

### Chemistry Assessment

Data were provided to support the potency, physical and chemical properties of balEnce Biological Beetle Bait, and to extend the storage interval of the end-use product.

The potency data submitted adequately supports the product guarantee of balEnce Biological Beetle Bait and this requirement for registration has been satisfied.

Sufficient data were submitted to support extension of the storage period for balEnce Biological Beetle bait to 4 years when the product is stored at or below 27°C.

### Conclusion

The PMRA has reviewed the information provided in support of this submission. Based on this review, the requirement for registration has been satisfied and the storage interval to 4 years is acceptable.
