

Evaluation Report for Category B, Subcategory 4.6 Application

Application Number: 2018-6225
Application: Conversion or Extensions to Ltd. or Term-Fulfill conditions of registration
Product: DiPel Technical Powder
Registration Number: 19316
Active ingredients (a.i.): *Bacillus thuringiensis* subsp. *kurstaki* strain ABTS-351
PMRA Document Number : 2999393

Purpose of Application

The purpose of this application to fulfil the outstanding post market data requirements identified during the initial registration.

Chemistry Assessment

Microbial contamination analysis data were submitted for five batches of DiPel Technical Powder, as well as the test methods and protocols used to conduct the analyses. The information provided was sufficient to fulfil the post-market data requirement for the new manufacturing site of DiPel Technical Powder.

Health, Environmental and Value Assessments

Health, environmental and value assessments were not required for this application.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided and is able to continue to support the registration of DiPel Technical Powder.
