

Evaluation Report for Category B, Subcategory 3.2 Application

Application Number: 2017-0088
Application: Changes to End-Use Product Label – Application Timing
Product: DUPONT CORAGEN Insecticide
Registration Number: 28982
Active ingredient (a.i.): Chlorantraniliprole
PMRA Document Number: 2842512

Purpose of Application

The purpose of this application was to amend the label of the end-use product, DUPONT CORAGEN Insecticide, to remove the restriction of applying for control of cutworms within 24 hours of a rain event.

Chemistry, Health and Environmental Assessments

Chemistry, health and environmental assessments were not required for this application.

Value Assessment

Removal of the rain restrictions from cutworm uses of DuPont Coragen Insecticide was supported based on a rationale that the restriction is not required for any other registered use.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided and has determined that the removal of the rain restriction when applying DUPONT CORAGEN Insecticide for control of cutworm can be supported.
