

## Evaluation Report for Category B, Subcategory 3.13 Application

**Application Number:** 2022-5527  
**Application:** Changes to Product Labels - Precautions  
**Product:** BYI 02960 200SL Insecticide  
**Registration Number:** 33696  
**Active ingredient (a.i.):** Flupyradifurone  
**PMRA Document Number:** 3551941

### Purpose of Application

The purpose of this application was to change the environmental precautionary statements on the label of BYI 02960 200SL Insecticide.

### Chemistry, Health and Value Assessments

Chemistry, health and value assessments were not required for this application.

### Environmental Assessment

This application was submitted to update pollinator label language on the BYI 02960 200SL Insecticide label. Non-*Apis* data were submitted to support the label changes. The review of additional data and an updated risk assessment resulted in updates to the label language. The risk is still considered acceptable when BYI 02960 200SL Insecticide is used in accordance with the label, which includes statements to mitigate risks to the environment.

### Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided, and has found the information acceptable to support the changes to the label of BYI 02960 200SL Insecticide.
