Purpose of Application

The purpose of this application was to add the fertilizer, Green with Envy, as a tank mix to the PAR III Turf Herbicide label (Reg. No. 27884).

Chemistry and Health Assessment

Chemistry and health assessments were not required for this application.

Environmental Assessment

The addition of Green with Envy fertilizer as a tank mix with PAR III Turf Herbicide is not expected to increase the environmental risk posed by the application of this herbicide product. Thus, there are no additional concerns associated with adding Green with Envy fertilizer as a tank mix to the PAR III Turf Herbicide label.

Value Assessment

Data to support the addition of a fertilizer tank mix to the Par III Turf Herbicide label consisted of a rationale that cited a precedent product label and the addition of label statements to address the sustainable use of a herbicide-fertilizer tank mix.

Based on the information made available, the fertilizer tank mix with Par III Turf Herbicide for use only on sod that is grown on sod farms and harvested for transplant was supported from a value perspective.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided in support of the product, Par III Turf Herbicide, and has found the information sufficient to add the Green with Envy fertilizer as a tank mix to the label.
