

Evaluation Report for Category B, Subcategory 2.1, 2.3, 2.4 Application

Application Number: 2014-2582
Application: B.2.1 - Change in Guarantee
B.2.3 - Change Identity of Formulants
B.2.4 - Change Proportions of Formulants
Product: Poast Ultra Liquid Emulsifiable Herbicide
Registration Number: 24835
Active ingredients (a.i.): Sethoxydim
PMRA Document Number: 2520084

Purpose of Application

The purpose of this application was to convert the guarantee of Poast Ultra Liquid Emulsifiable Herbicide (PCP No. 24835) from a minimal to a nominal and to make a slight change in the formulation.

Chemistry Assessment

Poast Ultra Liquid Emulsifiable is formulated as an emulsifiable concentrate containing sethoxydim at a concentration of 450 g/L. The end-use product has a density of 0.963-0.973 g/mL and a pH of 5.35 (1% solution). The chemistry requirements for Poast Ultra Liquid Emulsifiable Herbicide are complete.

Health Assessments

No toxicological data were submitted or are required, as there was no change that would impact the hazard profile.

The amendments are not expected to have an impact on dietary exposure to sethoxydim and will not pose an unacceptable risk to any segment of the population, including infants, children, adults and seniors.

Environmental Assessment

Environmental assessment was not required for the application.

Value Assessment

Value information is not required for converting the active ingredient guarantee from a minimal to a nominal as well to extend the lower limit.

Conclusion

PMRA has reviewed information provided in support of the amendments to the subject product. Based on this review, the amendments to the subject product are acceptable for full registration.
