## RE: Metribuzin 480 SC Herbicide; Registration of an EP under PPIP

We are pleased to submit this data package for Metribuzin 480 SC Herbicide. The purpose of this B1.2 submission is to provide data to allow the PMRA to find equivalency with Sencor 480 F Herbicide (Reg. No. 26280) and subsequently be considered for relying on the innovator's database. Please find the following documents contained in the index:

1. Application Form
2. Fee Form paid by Visa
3. Product Specification Form
4. New use form
5. CBI Methodology
6. Proposed French and English Labels
7. Supporting Product Chemistry Data (DACO 3)
8. Efficacy rationale

Sharda Cropchem Limited previously submitted the same application (Sub. No. 2014-3537) which was rejected by VSAD because of a surfactant issue. We have provided a rationale that the product does not contain a surfactant and therefore is not in conflict with the proposed label directions.

Please inform us when the equivalency has been established and when you have identified which data are protected. Please feel free to contact me at [regn@shardaintl.com](mailto:regn@shardaintl.com) if you have any questions.

Yours Sincerely,

Ashish Bubna  
Director  
Sharda Cropchem Limited
