

Evaluation Report for Category B, Subcategory B.4.6 Application

Application Number: 2016-1807
Application: Conversion to fulfill conditions of registration on a product with full registration
Product: Initium SC Fungicide
Registration Number: 30322
Active ingredients (a.i.): ametoctradin
PMRA Document Number: 2655224

Background

Full registration was granted to Initium SC Fungicide in 2012 for the control or suppression of various diseases on brassica leafy vegetables, bulb vegetables, cucurbit vegetables, fruiting vegetables, grapes, hops, leafy vegetables and potatoes.

Purpose of Application

The purpose of this application was to address outstanding conditions of full registration related the value of aerial applications of Initium SC Fungicide on various crops. The conditions were initially set out at the time of full registration.

Chemistry, Health and Environmental Assessments

Chemistry, health and environmental assessments were not required for this submission.

Value Assessment

Efficacy data was provided in order to satisfy conditions for full registration of aerial applications of Initium SC Fungicide. The applicant submitted data from three trials demonstrating equivalent efficacy between ground applications and simulated aerial applications of the following disease/crop group combinations: late blight on potatoes, downy mildew on bulb vegetables and downy mildew on cucurbit vegetables.

Conclusion

The PMRA has completed an assessment of the available information and has determined that the conditions for full registration of Initium SC Fungicide have been fulfilled.
