## Registration Decision Statement<sup>1</sup> for *Beauveria bassiana* strain PPRI 5339 and Velifer

Health Canada's Pest Management Regulatory Agency (PMRA), under the authority of the *Pest Control Products Act* and Regulations, is granting full registration for the sale and use of *Beauveria bassiana* PPRI 5339 Technical and Velifer, containing the technical grade active ingredient *Beauveria bassiana* strain PPRI 5339, to suppress aphids, whiteflies, thrips and twospotted spider mites on greenhouse ornamentals and greenhouse vegetables.

This decision is consistent with the Proposed Registration Decision PRD2017-19, *Beauveria bassiana strain PPRI 5339 and Velifer*, which contains a detailed evaluation of the information submitted in support of this registration. The evaluation found that, under the approved conditions of use, the products have value and do not present an unacceptable risk to human health or the environment. The PMRA received no comments on PRD2017-19.

### Other Information

The relevant test data on which the decision is based (as referenced in PRD2017-19) are available for public inspection, upon application, in the PMRA's Reading Room (located in Ottawa). For more information, please contact the PMRA's Pest Management Information Service by phone (1-800-267-6315) or by e-mail (pmra.infoserv@hc-sc.gc.ca).

Any person may file a notice of objection<sup>2</sup> regarding this registration decision within 60 days from the date of publication of this Registration Decision. For more information regarding the basis for objecting (which must be based on scientific grounds), please refer to the Pesticides and Pest Management portion of the Canada.ca website (Request a Reconsideration of Decision) or contact the PMRA's Pest Management Information Service.
