

Evaluation Report for Category L, Subcategory 1.1 Application

Application Number: 2021-2978
Application: Application subject to the Protection of Proprietary Interests in Pesticide Data Policy
Product: MET PRO Herbicide
Registration Number: 35123
Active ingredient (a.i.): Metsulfuron-methyl
PMRA Document Number: 3346037

Purpose of Application

The purpose of this application was to register a new herbicide product for use on terrestrial feed crops, and for industrial and domestic vegetation control, based on a precedent.

Chemistry Assessment

MET PRO Herbicide is formulated as a dry flowable containing metsulfuron-methyl at a concentration of 60%. This end-use product has a density of 1.42 g/cm³ and pH of 5.37. The chemistry requirements for this product have been fulfilled.

Health, Environmental and Value Assessments Environmental Assessment

Health, environmental and value assessments were not required for this application.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided, and has found the information sufficient to register MET PRO Herbicide.
