

Evaluation Report for Category B, Subcategory B.2.4 Application

Application Number: 2012-3965
Application: Changes to product chemistry; specifications
Product: Movento 240 SC Insecticide
Registration Number: 28953
Active ingredients (a.i.): Spirotetramat (SPA)
PMRA Document Number: 2284879

Purpose of Application

Movento 240 SC Insecticide is registered for the control of insects on fruit, vegetable and field crops.

The purpose of this application was to change the chemical specifications of Movento 240 SC Insecticide, which were altered to maintain the active ingredient guarantee following changes to the chemical specifications of the technical, Spirotetramat Technical Insecticide (registration number 28952).

The end-use product and the technical were amended concurrently.

Chemistry Assessment

Movento 240 SC Insecticide is formulated as suspensions containing spirotetramat at a nominal concentration of 240 g/L. The end-use product has a specific gravity of 1.075 and pH of 4.6.

The chemistry requirements for Movento 240 SC are complete.

Health Assessments

The proposed changes to the chemical specifications of Movento 240 SC Insecticide are not expected to impact the toxicological profile of this product.

Environmental and Value Assessments

Environmental and value assessments were not required for this application.

Conclusion

The changes to the chemical specification of Movento 240 SC Insecticide were found to be acceptable for continued registration.
