

Evaluation Report for Category B, Subcategory 4.1 Application

Application Number: 2004-3552
Application: B.4.1- Conversion to Full Registration without Consultation
Product: Cymoxanil Technical Fungicide
Registration Number: 26285
Active ingredients (a.i.): cymoxanil
PMRA Document Number : 2313465

Purpose of Application

E.I. Du Pont Canada has submitted an application to convert the conditional registration of Cymoxanil Technical Fungicide to full registration.

Assessment

As the conditional status of the Cymoxanil Technical Fungicide was contingent on the registration status of the corresponding end-use products, Tanos 50DF Fungicide (Reg. No. 27435) and Curzate 60 DF Fungicide (Reg. No. 26284), chemistry, health and environmental assessments were not required for this application.

Conclusion

The PMRA has no objection to converting the conditional registration of Cymoxanil Technical Fungicide to Full registration.
