

Evaluation Report for Category B, Subcategory 3.13 Application

Application Number: 2015-3601
Application: B.3.13 - Change Label Precautions
Product: Rootshield Plus WP Biological Fungicide
Registration Number: 30539
Active ingredients (a.i.): *Trichoderma harzianum* strain KRL-AG2 and
Trichoderma virens strain G-41
PMRA Document Number : 2616604

Purpose of Application

The purpose of this application was to amend the registration for the end-use microbial product RootShield Plus WP Biological Fungicide to change the storage of the product from 6 months to 10 months.

Chemistry Assessment

RootShield Plus WP Biological Fungicide contains the active ingredients *Trichoderma harzianum* strain KRL-AG2 (FTR) and *Trichoderma virens* strain G-41 (TDG). Data submitted indicated that RootShield Plus WP Biological Fungicide supports the stability of the active ingredients over a 10 month period when stored at 4°C. The product characterization and analysis database is complete.

Health, Environmental and Value Assessment

Health, environmental and value assessments were not required for this application.

Conclusion

The PMRA has reviewed the information provided in support of this amendment. Based on the results of this review, the amendment to change the storage of the product from 6 months to 10 months is acceptable for full registration.
