

Evaluation Report for Category B, Subcategory 3.11, 3.13 Application

Application Number: 2017-2863
Application: Changes to Product Labels - New Pests; Precautions
Product: PYR FLU FORM 1 Fungicide
Registration Number: 30566
Active ingredients (a.i.): Fluxapyroxad, Pyraclostrobin
PMRA Document Number: 2809195

Purpose of Application

The purpose of this application was to amend the product label of PYR FLU Form 1 Fungicide to add the claim for control of Aschochyta blight (*Aschochyta pinodes*) in field peas, to add a new container type, and to modify the first aid statement on the label.

Chemistry Assessment

The chemistry requirements for this product have been fulfilled.

Health Assessments

The changes to the first aid statements on the product label of PYR FLU Form 1 Fungicide were considered acceptable.

Occupational and dietary exposure assessments were not required for this application.

Environmental Assessment

An environmental assessment was not required for this application.

Value Assessment

The applicant provided a scientific rationale to support addition of the claim for control of Aschochyta blight (*Aschochyta pinodes*) in field peas to the PYR FLU Form 1 Fungicide label. Given that Mycosphaerella blight and Aschochyta blight in field peas is caused by different stages of the same organism, and that Mycosphaerella blight in field peas and Aschochyta blight in other pulse crops are currently registered on the label at the same application rates, addition of Aschochyta blight in field peas is supported.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided, and has found the information sufficient to support the amendments to the label of PYR FLU Form 1 Fungicide.
