

Evaluation Report for Category L, Subcategory 1.1 Application

Application Number: 2018-1872
Application: L.1.1: Submission subject to PPIP policy - Equivalency/Data Compensation Assessment.
Product: MPower Extra Fine
Registration Number: 33520
Active ingredients (a.i.): Thifensulfuron-methyl and Tribenuron-methyl
PMRA Document Number: 3005487

Purpose of Application

The purpose of this application was to register the herbicide MPower Extra Fine based on a precedent product.

Chemistry Assessment

MPower Extra Fine is formulated as wettable granules containing thifensulfuron-methyl and tribenuron-methyl at concentrations of 50 % and 25 %, respectively. This end-use product has a density of 1.1781 - 1.1803 g/mL and pH of 5.4. The chemistry requirements for this product have been fulfilled.

Health, Environmental and Value Assessment

Health, environmental and value assessments were not required for this application.

Conclusion

The PMRA has reviewed the information provided in support of MPower Extra Fine. Based on the results of this review, MPower Extra Fine is acceptable for registration.
