

Importation for Manufacturing and Exportation (IMEP) Evaluation Report for Category D.1.0 IMEP Application

Application Number: 2020-4694
Application: Importation for Manufacturing and Exportation Program (IMEP)
Product: Affinity Tank Mix MUP
Registration Number: 33969
Active ingredients (a.i.): Tribenuron-methyl, Thifensulfuron-methyl
PMRA Document Number: 3173309

Purpose of Application

The purpose of this submission was to register a new manufacturing concentrate (MA), Affinity Tank Mix MUP, containing a registered source of the active ingredients tribenuron-methyl and thifensulfuron-methyl under the Importation for Manufacturing and Export Program (IMEP).

Chemistry Assessment

Affinity Tank Mix MUP is formulated as granules containing thifensulfuron-methyl at 40% and tribenuron-methyl at 10%. This manufacturing-concentrate product has a density of 0.65 – 0.74 g/mL and pH of 8.2 – 9.2. The required chemistry data for Affinity Tank Mix MUP have been provided, reviewed and found to be acceptable.

Health Assessments

Affinity Tank Mix MUP is considered to be of low acute toxicity and non-irritating to eyes and skin. Affinity Tank Mix MUP is a potential skin sensitizer.

Environmental Assessment and Value Assessments

Environmental and Value assessments were not required for this application.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided and has found the information sufficient to support the registration of Affinity Tank Mix MUP.
