LIQUID MICROBIOCIDE CONTROLS ALGAE - BACTERIA FUNGI

DIRECTIONS FOR USE:

Cooling Tower System: Prior to use of KLENZOID FW 129 W LIQUID MICROBIOCIDE in water cooling towers, systems should be cleaned to remove algae growth, microbiological slime, and other deposits. Then make an initial slug addition of 190 to 575 mL of KLENZOID FW 129 W LIQUID MICROBIOCIDE per 10,000 litres of water in the system. Repeat initial dosage until control is evident. Make subsequent slug additions of 190 to 575 mL of KLENZOID FW 129 W LIQUID MICROBIOCIDE per 10,000 litres of water every 1 to 5 days as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the microbiological problem. Slug additions should be made in the sump of water cooling systems.

Industrial Air Washing Systems: Prior to use of KLENZOID FW 129 W LIQUID MICROBIOCIDE in air washers, systems should be cleaned to remove algae growth, microbiological slime, and other deposits. Then make an initial slug addition of 65 to 112.5 mL of KLENZOID FW 129 W LIQUID MICROBIOCIDE per 1,000 litres of water in the system. Repeat initial dosage until control is evident. Make subsequent slug additions of 65 to 112.5 mL of KLENZOID FW 129 W LIQUID MICROBIOCIDE per 1,000 litres of water every 1 to 5 days or as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the microbiological problem. Slug additions should be made in the sump or to the water collector trays.

DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters. DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN

Corrosive to the eye. DO NOT get in eyes. Corrosive to skin. DO NOT get on skin. Causes eye damage and skin irritation. Do not get in eyes, on skin, or on clothing. Potential skin sensitizer. Wear long-sleeved shirt, long pants, chemical resistant gloves, protective eyewear (goggles or face shield) when handling the product, clean up and repair activities. Harmful if swallowed. Avoid contamination of food. Do not reuse empty drum. Not intended for potable water systems.

ENVIRONMENTAL HAZARDS:

Toxic to aquatic organisms. Keep out of lakes, streams, or ponds.

FIRST AID:

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. If

swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Note to physician: Probable mucosal damage following ingestion may contraindicate gastric lavage. Avoid giving alcohol or alcohol related products. Treat symptomatically.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

DISPOSAL:

1. Triple or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill and for clean-up of spills.
