WARNING EYE IRRITANT

PRECAUTIONS:

Keep out of reach of children.

Exposure to captan may produce long term health effects. To minimize exposure, follow directions outlined on this label.

Never handle material with bare hands. Use rubber gloves; do not use leather or cloth gloves. Avoid contact with skin, eyes, and clothing. Do not breathe dust. Wear a respirator and goggles while mixing and loading. Wash hands, face and arms thoroughly after handling captan and before drinking, eating or smoking. Shower after use or at the end of the work day. If an accident occurs, remove contaminated clothing and wash skin thoroughly with soap and water. Wash clothing and gloves before re-use. Keep away from heat, fire, and sparks. Do not re-use empty container.

FIRST AID INSTRUCTIONS:

If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If inhaled, Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL

1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product and the cleanup of spills contact the Provincial Regulatory Agency or the Manufacturer.

DIRECTIONS FOR USE:

Vinyl- To protect vinyl compounds for mildew growth and stiffening caused by bacteria and fungi, add 0.5 to 1% **VANCIDE 89** based on the resin content.

Paint - To protect paint from damage by mold, mill in 0.25% to 1% **VANCIDE 89** based on the weight of the paint. Not recommended for emulsion paints.

Lacquer- To protect lacquer used in coating electrical equipment from the growth of mildew add 1% to 3% **VANCIDE 89** based on the weight of the solids.

Wallpaper Flour Paste- For preservation of wall paper flour paste against growth of mold, use 0.25% **VANCIDE 89** based on the weight of the paste.

Rubber and Rubber Coated Articles- To prepare bacteriostatic latex for making cast or coated products, add 0.4% **VANCIDE 89** based on the total dry weight of the latex compound.

Polyethylene- To protect polyethylene from the growth of fungi and bacteria, mill in 0.75% **VANCIDE 89** by weight of the polyethylene.

NOTICE TO USER- This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
