INSTRUCTIONS

Laundry: Dilute 40 to 50 mL of this product in 1 litre of water and pour in your wash water before adding laundry. Can be used on whites and fast colours. Safe for nylon, orlon and terylene. Do not use on wool, silk or leather.

Different uses: Removes stains, deodorizes toilet bowls, baths, garbage cans, sick rooms, linoleum, woodwork, tiles, counter sinks, refrigerators, dish water: 15 mL per 1 litre of water.

SWIMMING POOL: CONTROLS BACTERIA AND ALGAE IN POOL WATERS.

1. Maintain recommended daily levels as determined by testing kit.

Free chlorine available: 1.0 - 3.0 ppm, pH: 7.2 - 7.8, Total Alkalinity: 100 - 120 ppm,

Calcium Hardness: 200 - 300 ppm

2. Initially superchlorinate pool water by adding 1 L of this product per 10,000 L of pool water. For best results superchlorinate at dusk.

3. Chlorinate daily to maintain proper chlorine residual with 250 mL of this product per 10,000 L of pool water, or as needed.

NOTE: Hot weather, heavy pool usage, and rain may require higher usage rates to maintain proper chlorine residuals.

4. Superchlorinate weekly with 1 L of this product per 10,000 L of pool water when average daily

temperature is 25°C - 32°C. Otherwise, superchlorinate every other week.

5. For visible algae superchlorinate using 2 L of this product per 10,000 L of pool water. Heavy algae

infestation may require dosages up to 3 L per 10,000 L of pool water.

Vacuum pool when dead algae settles.

6. For wading pools, chlorinate daily to maintain a chlorine residual of 3 - 5 ppm by adding 45 mL of this product per 1,000 L of pool water, or as needed.

NOTE: For outdoor pools, chlorine residuals can be protected from destruction by sun's rays by addition of stabilizer (cyanuric acid).

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Dangerous gas formed when mixed with acid. Do not mix with any other chemical. Avoid contact with skin and eyes. Wear goggles or a face shield, chemical-resistant gloves, long pants, a long sleeves shirt, shoes and socks when handling this product. Harmful if swallowed. Keep container closed and store in a cool location. Rinse container thoroughly before discarding. Do not re-use.

Store upright in a cool dark place. Avoid freezing.

FIRST AID: If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. If on skin or clothing: Take off contaminated clothing.

Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.
