Busan 1035 Liquid Microbicide is a broad spectrum liquid microbicide.

DIRECTIONS FOR USE

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, ocean or other waters.

DO NOT use to treat paper or paperboard which will contact food.

PULP AND PAPER MILLS

For the control of bacterial and fungal slime, add Busan 1035 Liquid Microbicide to the stock or white water at a rate of 0.1-1.0 kg per tonne of pulp or paper produced. Addition can be made intermittently or continuously, as required to control slime.

COOLING WATER SYSTEMS

For the control of algae, bacteria, and fungi in commercial and industrial cooling water systems, air washers and evaporative condensers, add Busan 1035 Liquid Microbicide as follows:

Initial dose: 120 ppm based on the total weight of water in the system.

Maintenance dose: Every 1 to 5 days or as needed, 20-40 ppm based on the total weight of water in the system.

Air Washers: For use only in systems equipped with effective mist eliminating components.

PRECAUTIONS

DANGER KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. CORROSIVE to the eye. DO NOT get in eyes. May irritate the skin.

Avoid contact with skin. May irritate eyes, nose and throat. Wear chemical-resistant coveralls over long-sleeved shirt, long pants, chemical-resistant footwear, chemical-resistant gloves, protective eyewear (goggles or face shield) when handling the product or treated process fluids or during, clean-up and repair activities. Workmen handling the product should wear chemical resistant gloves, safety glasses or face shield and body-protective clothing and shoes. Contact of the product with clothing or skin should be avoided. Keep the container closed when not in use.

FIRST AID

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

TOXICOLOGICAL INFORMATION: Note to physician: Probable mucosal damage following ingestion may contraindicate gastric lavage. Avoid giving alcohol or alcohol related products.

DISPOSAL

Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

For information on disposal of unused, unwanted product, contact the manufacturer or the Provincial Regulatory Agency. Contact the manufacturer and the Provincial Regulatory Agency in case of a spill, and for clean-up of spills.
