DIRECTIONS FOR USE:

For control of fungi, bacteria and associated slime in pulp, paper or paperboard systems use 0.1 - 0.8 kg Nalcon 7648 per tonne of total paper (dry basis) production. Intermittent application to thick stock chests has proven most effective. Feed Nalcon 7648 directly from the drum or diluted with water. Application may be anywhere in the system prior to sheet formation or to the recirculating white water, provided uniform mixing occurs. If the product is applied manually, a dust mist respirator must be worn during application.
DO NOT use to treat paper or paperboard that will contact food.

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. This chemical is irritating to the skin and eyes. Avoid contact with skin, eyes or clothing. Wear goggles and face shield, chemical-resistant gloves, long pants, a long-sleeved shirt and shoes when handling

this concentrate. Do not take internally. Keep container closed when not in use. Remove and wash contaminated clothing before reuse.

FIRST AID:

In case of contact with skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. For eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label, or product name and Pest Control Product Registration number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically.

DISPOSAL:

Porta-Feed System: 1. Close valve. 2. The Porta-Feed System may be returned to the point of purchase (distributor/dealer). It must be refilled by the distributor/dealer with the same product. Do not reuse the Porta-Feed System for any other purpose. For Other Containers: 1. Triple- or pressure- rinse the emptied container and add the rinsings to the treatment site. 2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal. 3. Make the empty container unsuitable for further use. 4. Dispose of the container in accordance with provincial requirements. For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans or other waters in contravention of federal or provincial regulatory requirements. DO NOT discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. The requirements of applicable laws should be determined before using the product.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
