PRECAUTIONS

Severely irritating to eyes. DO NOT get in eyes.
Causes skin irritation. DO NOT get on skin.

FIRST AID

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

TOXICOLOGICAL INFORMATION: Contains monoethanolamine. Animal data suggests possible liver injury if gross overexposure occurs. Treat symptomatically.

AGRICULTURAL CHEMICAL

Do not ship or store with food, feeds, drugs or clothing.

ENVIRONMENTAL HAZARD

Direct contamination of any body of water with this product may kill fish. Do not contaminate any body of water by direct application, cleaning of equipment or disposal of wastes.

STORAGE

Keep in original container during storage. Store in a cool, dry well ventilated place away from seed, feed, fertilizer or other pesticides. Do not contaminate water, food or feed by storage or disposal. Thoroughly clean equipment used with this product with a suitable chemical cleaner before use for other purposes.

DECONTAMINATION AND DISPOSAL

Do not reuse empty container. Canadian formulators of this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For additional details and information on clean-up of spills, contact the provincial regulatory agency or the manufacturer.

For spills (use appropriate safety equipment): Absorb spill in inert material such as sand or sawdust. Dyke area in case of large spills. Do not clean up with water. For large spills contact Corteva Agriscience Canada Company at 1-800-667-3852.

If involved in fire use water fog, foam CO₂ or dry chemical. If fighting fire use pressure demand self-contained air supply. Noxious fumes may be produced under fire conditions. Contain water from fire fighting to prevent entry to water supplies.

DIRECTIONS FOR USE

To be used only in the manufacture of a herbicide which is registered under the PEST CONTROL PRODUCTS ACT.

Because of their properties and intended uses, formulations containing clopyralid may require precautionary labelling differing from that given. Formulators should develop their own use and precautionary labelling based on the properties and intended uses of their own finished formulations and in accordance with all pertinent laws and regulations.
