A granular biocide for commercial use in Pulp & Paper applications and water-based heat transfer systems.

SALE OF INDIVIDUAL WATER SOLUBLE BAGS IS PROHIBITED.

In all applications, cut or tear open the outer bag to expel the WATER SOLUBLE PAK into the system.

DIRECTIONS FOR USE:

Paper Mills: 6C56 WATER SOLUBLE PAKS should be used at 30 - 50 g per tonne of dry paper product at least once per day. May be used in the production of paper or paperboard that will come into contact with food.

Oilfield Applications: Use 100 ppm active ingredient based on the water content of the system until control is achieved. Maintenance dosage 10 - 25 ppm.

Oil Storage Tanks: Cut or tear open the outer bag and drop WATER SOLUBLE PAK through thief hatch.

Heat Exchangers, Cooling Towers, Condensers, Air Washers: Preclean heavily fouled systems (e.g. with chlorine). Shock dosages of 100 ppm based on the water content of the system may be used until control is achieved. Maintenance dosage 15 - 50 ppm. Cut or tear open the outer bag to expel the WATER SOLUBLE PAK directly into the sump of the system at a convenient point.

IN ALL CASES AVOID SKIN CONTACT. WEAR PROTECTIVE GLOVES.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

POTENTIAL SKIN SENSITIZER. Severe eye and skin irritant. Wear goggles or a face shield, chemical-resistant gloves, long pants, a long sleeved-shirt, shoes and socks during mixing/loading, clean up, and repair. Avoid ingestion, inhalation and contact with skin, eyes and clothing. Store away from oxidizing materials, heat or open flame. Formaldehyde can be released during use of this product. It is recommended that this product not be used in circumstances that would result in formaldehyde air concentrations in the workplace exceeding the exposure levels established by occupational health and safety authorities in your jurisdiction. If values exceed this level, it is recommended that NIOSH approved respiratory protection be worn. Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/protective equipment immediately if pesticide comes in contact with skin through soaked clothing or spills. Then wash skin thoroughly and put on clean clothing and required protective equipment prior to resuming your previous work activity. Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label, or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

The granular and concentrated solutions are irritants. Treat symptomatically

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and other aquatic organisms. It is not to be used in circumstances that would cause or allow it to enter lakes, streams, ponds, estuaries, oceans, or other waters in contravention of federal or provincial regulatory requirements. The requirements of applicable laws should be determined before using the product.

DISPOSAL:

For Porta-Feed System: 1. Close valve. 2. The Porta-Feed System may be returned to the point of purchase (distributor/dealer). It must be refilled by the distributor/dealer with the same product. Do not reuse the Porta-Feed System for any other purpose. For Other Containers: 1. Triple – or pressure – rinse the empty container. Add the rinsings to the treatment site. 2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal. 3. Make the empty container unsuitable for further use. 4. Dispose of the container in accordance with provincial requirements. 5. For information on the disposal of unused, unwanted product, contact the manufacturer or the Provincial Regulatory Agency. Contact the Manufacturer and the Provincial Regulatory Agency in case of spill and for cleanup of spills.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
