C-POOL

Mineral Treatment  
SWIMMING POOL ALGAECIDE  
SOLUBLE GRANULES  
DOMESTIC

REG. NO. 17668 P.C.P. ACT

GUARANTEE: Copper Sulphate Pentahydrate.....12.5%  
(Copper as Metallic.....3.125%)

WARNING: Staining of pool surfaces may occur due to deposits of copper salts. Excessive levels of copper will increase the probability of this occurrence.

READ THE LABEL BEFORE USING. KEEP OUT OF REACH OF CHILDREN.

C-Pool Minerals Inc.

KEEPS POOL WATER HEALTHY AND SPARKLING  
ELIMINATES ALGAE GROWTH  
SAVE ON ELECTRICITY COSTS AND MAINTENANCE TIME

**DIRECTIONS FOR USE:**

Before adding C-Pool, clean and shock-treat pool water with chlorine or bromine to 3 ppm. Balance water alkalinity. Total alkalinity should read between 80-150 ppm. Adjust pH to read 7.2pH. As a minimum treatment, add 57g (2oz) of C-Pool per 4500L (1,000 gal) of pool water, which will result in a minimum concentration of 0.5 ppm copper. Distribute C-Pool by sprinkling across pool water surface, every meter or so around the perimeter of the pool, avoiding coping and any stairs. Run filter system for 48 hours straight, back washing filter every 12 hours during the 48 hour period. Vacuum the next day. Thereafter, reduce pump running time back to normal. 4-6 hours a day. DO NOT apply this product in a way that will result in direct contact with adults, children or pets.

**WEEKLY MAINTENANCE:**

As a minimum maintenance treatment, add 3.5g (1/8oz) of C-Pool per 4500L (1,000 gal) of pool water (an additional 0.03 ppm) to maintain a minimum reading of 0.5 ppm Copper. This amount will normally be sufficient, depending on water loss from backwashing the filter etc. Check Copper reading. Use readily available test kits to ensure Copper levels are maintained at 0.5 ppm to 1.0 ppm. Do not exceed 1.0 ppm Copper. Add chlorine to achieve an ideal reading of 1.5 ppm. If using a Brominator or Chlorinator, fill and place on lowest setting. Check and adjust pH to 7.2pH. In periods of high temperatures or heavy traffic, it is recommended that chlorine or bromine be used daily.

#### PRECAUTIONS:

**KEEP OUT OF REACH OF CHILDREN.** Do not get C-Pool in eyes or on skin. Wear safety glasses. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing. Harmful if swallowed. Do not mix with other chemicals. **DO NOT** allow adults, children or pets to enter the treated area until dusts have settled.

#### ENVIRONMENTAL HAZARDS:

**TOXIC** to aquatic organisms.

#### FIRST AID:

**If swallowed:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

**If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

#### TOXICOLOGICAL INFORMATION:

Treat symptomatically.

#### STORAGE AND DISPOSAL:

Keep container closed when not in use. Keep in dry, cool place out of reach of children. Do not re-use empty container. Wrap and dispose of empty container in household garbage. For information on unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, or for clean-up of spills.

#### NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
