ABSORBINE

THE HORSE WORLD'S MOST TRUSTED NAME

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid breathing spray mist. Do not contaminate food or feed. Do not contaminate any body of water. Wash after handling and before eating, drinking or smoking.

FIRST AID: If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: Do not reuse empty container. Discard empty container with household garbage.

STORAGE: Protect from freezing.

DIRECTIONS FOR USE: SHAKE WELL.

FOR USE ON HORSES: SUPERSHIELD II, the non-oily fly repellent, has been developed for use full strength on horses. May be applied with the trigger spray applicator. SUPERSHIELD II kills Stable Flies, Horn Flies, House Flies, Deer Flies, Mosquitoes, Gnats on contact.

Not to be used on newborn or nursing foals.

Do not apply directly to eyes or mouth of the animal.

Do not wet the skin. Do not cover horses immediately after treating. Do not use on horses destined for production of meat or food.

DIRECTIONS FOR SPRAY MIST: First, remove excess dirt and dust by brushing. Shake container well and apply spray mist to horse's coat, paying particular attention to legs, shoulders, shanks, and neck. Do not spray mist around the head and eyes. Dampen a soft cloth and wipe head, avoiding eyes. For maximum protection apply 120 to 180 mL to animal. Repeat every 2-3 days, if necessary.
