PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN

MAY CAUSE EYE IRRITATION. MAY BE HARMFUL IF ABSORBED THROUGH THE SKIN

Wear coveralls over long pants, a long-sleeved shirt, chemical-resistant gloves and footwear, and a face-shield or goggles while cleaning equipment and handling product. Wash thoroughly after handling and before eating, drinking or smoking.

FIRST AID:

IF SWALLOWED, call a poison control centre or doctor IMMEDIATELY for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

INTERNAL

2023-1679

23-08-03

IF ON SKIN OR CLOTHING, take off contaminated clothing. Rinse skin IMMEDIATELY with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF INHALED, move person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control centre or doctor for further treatment advice.

IF IN EYES, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

2021-1708

2021-06-29

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

#### ENVIRONMENTAL CAUTION:

**TOXIC** to fish and aquatic organisms. **DO NOT** discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters. **DO NOT** contaminate any body of water by cleaning of equipment or disposal of waste.

#### DISPOSAL:

1. Triple or pressure rinse the emptied container thoroughly and add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill and for clean-up of spills.

NOTE TO USER: This pest control product is to be used only in accordance with the directions on this label. It is an offense under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from such use of this product.

#### DIRECTIONS FOR USE

##### USE IN LEATHER TANNING

##### FOR USE IN LEATHER TANNING DRUM USE ONLY

AMICAL™ WP Antimicrobial Powder is used in protecting chrome or vegetable tanned leather from mold and mildew during in-tanning wet processing and for protecting wet-blue during long storage and long transportation times. For normal protection of chrome-tanned cattle hides (based on white weight hides) use 0.02-0.04% product, for sheep hides (based on drained pickle weight) 0.10-0.16% product, and for goat and small skins use levels should be calculated on the dry basis of the skin weight, assuming limed weight to be 20% dry basis and pickled weight to be 33% dry basis. When long hold or export protection is required, use 0.04- 0.08% product for cattle, 0.16-0.3.0% product for sheep, and on goat

2023-1679

and small skins follow recommendations for normal protection. Use level recommendations during retan/color/fatliquor protection of chrome-tanned hide types are 0.20-0.60% product (on wet-blue weight).

In all applications, add the dry AMICAL™ WP Antimicrobial Powder through the drum door, preferably by sprinkling across the width of the drum. This should be done just prior to chrome addition or together with the formate, if formate is added dry prior to chrome. In the case of retan/color/fatliquor add AMICAL™ WP Antimicrobial Powder prior to prime fatliquor feed.
