SHAKE WELL BEFORE USING

Safer's Superfast Patio Weed Killer RTU is a fast-acting non-selective herbicide for use around buildings, fences, gravel, bark mulch and trees; on patios, sidewalks, driveways; and prior to planting grass, shrubs, flowers and vegetables. Safer's Superfast Patio Weed Killer RTU leaves no soil residue. Controls a broad spectrum of weeds including redroot pigweed, lamb's-quarters, corn spurry, mustard, spotted cat's ear, chickweed and round-leaved mallow. Provides suppression or top-kill of some perennials including plantain.

NOTE: AVOID SPRAY CONTACT ON DESIRABLE PLANTS AND GRASSES.

DIRECTIONS FOR USE: For best results, apply in spring/summer to young, actively growing weeds less than 13 cm high. Nozzle is closed when purchased. To open turn nozzle until the desired spray pattern is achieved. Spray weeds thoroughly until foliage is wet without run-off. Browning of foliage will usually occur rapidly in 1-2 days. 100 mL of spray will cover approximately 1 square metre. Repeat treatment as required every 14-21 days to control weeds growing from seed or regrowth of perennial or large annual weeds.

Environmental Hazards:

Toxic to Aquatic organisms

Contamination of aquatic areas as a result of runoff may be reduced by including a vegetative strip between the treated area and the edge of the water body.

DO NOT apply to any body of water.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

To prevent contamination store this product away from food or feed.

DO NOT reuse the empty containers. Dispose in household garbage. Unused or partially used products should be disposed at provincially or municipally designated hazardous waste disposal sites.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Product may cause eye and skin irritation. Product may be mildly sensitizing. Avoid contact with skin and eyes. After application do not plant in treated soil for 3 days. May cause white residue on some types of brick or concrete. Residue will wear off after several weeks. Do not apply if rainfall is expected within two hours. Application under cold temperatures will delay appearance of visible effects.

DISPOSAL: Do not reuse empty container. Rinse container and dispose of in household garbage.

FIRST AID: If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.
