PITABS® Calcium Hypochlorite Tablets

***CONTROLS BACTERIA AND ALGAE IN SWIMMING POOL WATERS
FOR MANUFACTURING, FORMULATING OR REPACKAGING
TABLET TECHNICAL GRADE***

REGISTRATION NO. 23256
PEST CONTROL PRODUCTS ACT

GUARANTEE: Calcium Hypochlorite..... 65%
Available Chlorine..... 65%

WARNING

POISON

CORROSIVE

READ THE LABEL BEFORE USING

**KEEP OUT OF REACH OF UNAUTHORIZED PERSONNEL
DANGER!**

FIRST AID

EYE OR SKIN CONTACT: Flush with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. For eye contact, get medical attention. If skin irritation occurs, get medical attention.

INHALATION: Remove to fresh air. If signs of irritation or discomfort occur, take immediately to a hospital or physician.

SWALLOWING: *If conscious*, drink large quantities of water. *DO NOT* induce vomiting. Take immediately to a hospital or physician or contact Poison Control Center. If vomiting occurs, administer additional water. *If unconscious*, or in convulsions, take immediately to a hospital. Do not attempt to induce vomiting or give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

NOTICE TO USER –

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

DIRECTIONS FOR USE

This pesticide may be used only for repackaging and formulating as an algacide or bactericide, registered under the Pest Control Products Act.

PRECAUTIONS: PREVENT ACCESS BY UNAUTHORIZED PERSONNEL.

Hazards to Humans and Domestic Animals

DANGER: Highly Corrosive -- Causes Skin and Eye Damage -- May Be Fatal if Swallowed -- Irritating to Nose and Throat. Wear goggles or face shield and rubber gloves when handling. Avoid breathing dust. Remove and wash contaminated clothing and shoes before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters.

PHYSICAL AND CHEMICAL HAZARDS: Strong oxidizing agent! Use only clean, dry utensils made of metal or plastic each time Calcium Hypochlorite is taken from the container. Contamination with moisture, acids, organic matter, other chemicals or easily combustible materials such as petroleum or paint products may start a chemical reaction with generation of heat, liberation of hazardous gases and possible generation of a fire or explosion. In case of contamination or decomposition, do not reseal container. If possible, isolate container in open air or well-ventilated area. Flood with large volumes of water, if necessary.

STORAGE AND DISPOSAL

Read before using.

Keep in original container in a cool, dry place.

Keep container closed when not in use.

Keep away from heat sources, sparks, open flames and lighted tobacco products.

Use only clean, dry utensils made of metal or plastic each time Calcium Hypochlorite is taken from the container.

Residual material remaining in empty drum can react if mixed with incompatible materials to cause a chemical reaction with subsequent generation of heat, liberation of hazardous gases and possible generation of fire.

Disposal: Canadian formulators of this technical should dispose of unwanted active and containers in accordance with municipal or provincial regulations. For additional details and clean up of spills, contact the Provincial Regulatory Agency or the Manufacturer.

In Case of Fire: Drench with water. Calcium Hypochlorite supplies oxygen; therefore, attempts to smother fire with a wet blanket, carbon dioxide, or a dry chemical extinguisher are ineffective.

In Case of Spill or Leak: Use extreme caution. Contamination may cause chemical reaction with subsequent generation of heat, liberation of hazardous gases and possible generation of fire. If fire or reaction occurs in area of spill, douse with plenty of water. In case of small dry spills, sweep up spilled material using a clean dry shovel and broom and place into clean dry containers. Dispose of material and rinse water in accordance with all applicable governmental regulations.
