(POUCH LABELS)

Horti-Kure
Squirrel Repellent
Concentrate 2103

NET CONTENTS 128 mL

Makes ONE LITRE of solution after mixing with water and Formula 2104.

KNEAD THOROUGHLY BEFORE MIXING

READ THE LABEL AND ENCLOSED INSTRUCTION SHEET BEFORE USING. MUST BE USED WITH FORMULA 2104.

PROTECT FROM FREEZING

If frozen, allow to warm to room temperature and knead thoroughly before using.

POTENTIAL SENSITIZER

DOMESTIC

REG.NO. 23455 P.C.P. ACT

ACTIVE INGREDIENT: Putrescent Whole Egg Solids 37.0%

KEEP OUT OF REACH OF CHILDREN

Warning, contains the allergen eggs

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. May cause sensitization. Avoid contact with skin, eyes or clothing. Avoid inhaling the dust. For good hygiene practice, wear waterproof gloves when handling this product. DO NOT apply if allergic to eggs. Wash hands, arms and face with soap and water after use. Do not store near food. Do not contaminate food, feed or foodstuffs. If spillage of concentrate occurs, dilute with water and flush away.

DISPOSAL: Do not reuse empty pouches. Wrap and dispose of empty pouches and leftover mixture in household garbage.

FIRST AID: If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. May cause sensitization. Avoid contact with skin, eyes, and clothing. Avoid inhaling dust. For good hygiene practice, wear waterproof gloves when handling this product. DO NOT apply if allergic to eggs. Wash hands, arms and face with soap and water after use. Do not store near food or feed. Do not contaminate food, feed or foodstuffs. If spillage of concentrate occurs, dilute with water and flush away.

DIRECTIONS FOR USE: Use only as directed on this label. DO NOT apply to any body of water. DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

STORAGE: Store at room temperature. Protect from intense heat and freezing. Store this product away from food or feed.

INSTRUCTIONS: Kneading, Stirring and Dilution: Note: Pouches are not filled to capacity, but are filled by weight. DILUTE before using: Concentrate 2103 must be mixed with Formula 2104 and water to produce

2023-1422
2024-01-08

a ready-to-use mixture. Read all the directions before mixing. Knead individual ingredients before mixing. Before diluting, thoroughly knead contents of both pouches individually. If Concentrate 2103 had caked due to unavoidable settling which occurs during shipment, break cake and knead thoroughly until free of lumps.

1 Litre Kit: To make entire one litre of ready-to-use mixture:

1. Slowly and carefully knead pouch of Concentrate 2103 to break up solids that have settled during shipment. Knead gradually, starting at liquid end. Knead until lumps are completely liquified.
2. Briefly knead Formula 2104 pouch.
3. Cut off one corner of pouch containing Concentrate 2103 and empty entire contents into a one-litre jar or pail.
4. Repeat Step 3 with pouch containing Formula 2104.
5. Add 750 mL of lukewarm water to make a total volume of one litre. Shake or stir thoroughly. Use promptly after mixing: Mixed solution spoils quickly above 5° C. Do not store longer than one day; discard unused solution.
6. Dip tulip bulbs in Horti-Kure Squirrel Repellent Solution. Let dry for 5-10 minutes. Plant bulbs in normal fashion. Wash hands thoroughly.

To make less than entire package:

1. Knead both packets as explained above.
2. Mix 1 part Concentrate 2103, 1 part Formula 2104, 6 parts water. Blend until thoroughly mixed.

Use promptly after mixing: Mixed solution spoils quickly above 5° C. Do not store longer than one day; discard unused solution.

Seal tightly for storage: If saving part of unmixed ingredients to use later, close containers tightly to prevent evaporation. Store this product away from food or feed.

DISPOSAL: Do not re-use empty pouches. Wrap and dispose of empty pouches and leftover mixture in household garbage.

FIRST AID: If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically
