DO NOT APPLY WITH HANDHELD FOGGER

DIRECTIONS FOR USE : Shake before using. Close doors, windows and other openings and remove all animals from buildings before application. Apply with a mist fogger (nonthermal) at a rate of 100 ml/100 m3. Wear mask or respirator and protective clothing. Direct spray, upwards towards ceiling and walls or straight on insects. Keep area closed for 10-20 minutes after fogging. Ventilate thoroughly before reentering treated areas. Repeat as necessary. When using a mist fogger, the equipment must be maintained and operated in accordance with the manufacturer's instruction manual. NOTE : Treatment should be made before or after milking only.

PRECAUTIONS : KEEP OUT OF REACH OF CHILDREN. Not for use on humans. Apply only when the dairy is not in operation. Do not apply directly on food or milk. Cover or remove all food processing surfaces, milk, utensils and dairy processing equipment. After spraying, wash all surfaces that may contact milk food and rinse thoroughly with potable water before reuse. Avoid contamination of feed and water-troughs. Thoroughly clean all food processing equipment with potable water before resuming operations. Wear natural rubber or chemical resistant gloves, protective clothing, coveralls and goggles when handling the concentrate to prepare solutions. Destroy used gloves. Wash contaminated clothing before re-use. Wear a mask and a respirator of a type effective for protection from Dichlorvos Plus #1. Avoid contact with skin. Do not inhale spray mist. Wash hands after using. Do not store near food, water or litter for animal or human consumption. Keep in original container during storage. Store in a cool, well ventilated place. Do not contaminate the milk, milking equipment, rivers, lakes, ponds, and any other sources of drinkable water for humans or animal. Do not use in areas where beekeeping equipment or supplies are stored. Do not contaminate any body of water. Toxic to fish.

FIRST AID :
If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.
Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION : Contains dichlorvos, a cholinesterase inhibitor. Atropine is antidotal. This product contains petroleum distillate; harmful if swallowed, inhaled or absorbed through skin.

NOTICE TO USER : This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

DISPOSAL : 1. Triple- or pressure-rinse the empty container. Add the rinsings to the spray mixture in the tank. 2. Follow provincial instruction for any required additional cleaning of the container prior to its disposal. 3. Make the empty container unsuitable for further use. 4. Dispose of the container in accordance with provincial requirements. 5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.
