### **DIRECTIONS FOR USE**

To be used in the formulation of products registered for use under the Pest Control Products Act. Formulators are responsible for their own registration under the Pest Control Products Act.

Users must wear gloves impervious to the wood preservative formulation in all situations where dermal contact is expected.

Users must wear protective clothing, including overalls, jacket, gloves and boots, impervious to the wood preservative formulation.

Users must not eat, drink or use tobacco products in any situation where they may be exposed to the wood preservative formulation.

Protective clothing must be changed when it shows signs of contamination. Users must leave protective clothing and workshoes or boots and equipment at the plant. Worn out protective clothing and workshoes or boots must be left at the plant and disposed of in a manner approved for pesticide disposal and in accordance with provincial and federal regulations.

**NOTE:** Examples of acceptable materials for protective clothing (e.g., gloves, overalls, jackets and boots) required during application and handling of inorganic arsenicals are vinyl, polyvinyl chloride (PVC), neoprene, NBR (Buna-N), rubber and polyethylene.

### **PRECAUTIONS**

#### **KEEP OUT OF REACH OF UNAUTHORIZED PERSONNEL**

##### **Hazards to Humans & Domestic Animals**

### **DANGER**

Corrosive. Causes irreversible eye damage, skin or mucous membrane irritation. Harmful or fatal if swallowed, inhaled or absorbed through skin. Handle in a well ventilated area.

Do not get on eyes, on skin or on clothing. Wear face shield, plastic gown with long sleeves and rubber gauntlets when handling.

For further detailed information on safety procedures, storage, handling, preparation, application and disposal of CCA wood preservative, refer to ENVIRONMENT CANADA Publication "Recommendations for the Design and Operation of Wood Preservation Facilities, March 1999."

Wash thoroughly after skin contact and before eating, drinking, use of tobacco product or using restrooms. Protective clothing must be changed when it shows signs of contamination. Applicators must leave protective clothing and workshoes or boots and equipment at the plant in area free from contamination. Worn out protective clothing and workshoes or boots must be left at the plant and disposed of in a manner approved for pesticide disposal and in accordance with Provincial and Federal regulations.

### **FIRST AID**

**IF SWALLOWED:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

### **TOXICOLOGICAL INFORMATION**

Treat Symptomatically

### **ENVIRONMENTAL HAZARDS**

This product is toxic to fish and wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

### **PHYSICAL AND CHEMICAL HAZARDS**

Do not use or store near heat or open flame.

### **STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

#### **STORAGE**

This product must be stored in closed tanks or drums which display a label properly identifying the product and its concentration. Store product in a cool, dry, well-ventilated place away from seed, feed, fertilizer or other pesticides. Keep away from fire or open flame, or other sources of heat.

#### **DISPOSAL**

Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For additional details and information on the clean up of spills, contact the provincial regulatory agency or the manufacturer.

#### **SPILLS**

- Avoid contact with eyes, skin or clothing.
- Dike to contain with sand or soil.
- Collect usable liquid and return to work tank or drum.
- Neutralize any uncollected liquid.

Apply 58 kg of lime or 235 kg of cement per 100 litres of 60% concentrate

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.
