ON REVERSE SIDE.**

Koppers Inc.
436 Seventh Ave.
Pittsburgh, PA 15219-1800
800-553-5631

FIRST AID:

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION:

Treat symptomatically

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

PRECAUTIONS:

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. Harmful or fatal if swallowed or inhaled. May cause severe skin or eye irritation. Avoid contact with skin, eyes, and clothing. Wear gloves impervious to creosote at all times. Do not carry, store, or consume food or drink in areas where creosote is stored or used, or where freshly treated wood is stored. Do not carry or smoke cigarettes in working areas. Do not expose cuts or abrasions to creosote solutions. Get immediate first aid if eyes contact creosote solutions. Keep work area well ventilated. Keep away from open flame.

USE PROTECTIVE CLOTHING MADE FROM THE FOLLOWING MATERIALS: Viton, neoprene, butyl rubber, nitrile, polyvinyl chloride, polyvinyl acetate

DIRECTIONS FOR USE:

To be used only in the formulation of products registered under the *Pest Control Products Act*. Formulators are responsible for their own registrations under the *Pest Control Products Act*.

Post a copy of this label at the treating site, and all other areas where workers may be exposed to creosote. Ensure that all transfer of creosote occurs through closed systems.

NOTE:

All operation procedures must be consistent with the recommendations in the Environment Canada documents, "Recommendations for the Design and Operations of Creosote Thermal Treating Wood Preservation Facilities" and "Recommendations for the Design and Operation of Creosote Pressure Treating Wood Preservation Facilities"

DISPOSAL:

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean up of spills, contact the manufacturer or the provincial regulatory agency. **DO NOT FLUSH INTO SURFACE STREAMS**
