**PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.** Avoid ingestion and contact with eyes or skin. Wear long-sleeved shirt, long pants, waterproof gloves, socks and shoes when applying the product. The use of water-proof gloves during application of the product is recommended. Wash hands with soap and water after use. Wash hands before touching eyes or face and prior to using washroom. Store in a cool area away from heat and light. Do not smoke or eat while applying. Application of Critter Ridder is not known to harm ornamental plants. **DO NOT USE ON FOOD OR EDIBLE PLANTS, OR WHERE CHILDREN WILL PLAY.** **DO NOT** apply to any body of water.

**FIRST AID:**

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**STORAGE:** Keep product in original container. To prevent contamination store this product away from food or feed.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**DISPOSAL:** **DO NOT** reuse empty containers. Dispose in household garbage. Unused or partially used product should be disposed at provincially or municipally designated hazardous waste disposal sites.

**GENERAL INFORMATION:** Critter Ridder contains ingredients that irritate animals when they touch or taste the product. It can be used to repel dogs, cats, groundhogs, skunks and raccoons from treated areas for about 30 days.

**DIRECTIONS FOR USE:**

**DO NOT** enter or allow entry into treated areas until dusts have settled.

**INDOORS:** Spread at a rate of 83 g/m<sup>2</sup> (100 ml/m<sup>2</sup>) to flat structural surfaces (e.g., floors behind furniture) to be protected. Reapply after 30 days if animals continue to be a problem. Treatment must only be repeated if pest problem persist or reoccurs. A 250 g product will treat 3 m<sup>2</sup>. OR A 500 g product will treat about 6 m<sup>2</sup>. OR A 1 kg package will treat about 12 m<sup>2</sup>.

**DO NOT** apply to any indoor plants or where children will play.

**OUTDOORS:** Apply on sunny, dry days. Spread by hand or using manual or motorized spreaders at a rate of about 117g/m<sup>2</sup> (125 ml/m<sup>2</sup>). May be applied to lawns, ornamental garden paths and flower beds. To protect garbage bags, garbage cans, ornamental plants, trees or buildings (e.g., garages, verandas, sheds) apply on the ground as a protective band 0.5 m for skunks, 2 m for raccoons, 0.3 m for groundhogs, 0.5 m for dogs and 0.3 m for cats. A quantity of a 250 g package will treat approximately 2.125 m<sup>2</sup>. OR A 500 g package will treat approximately
