CAUTION

POISON

DIRECTIONS FOR USE: To be used only in the manufacture of an insecticide which is registered under the PEST CONTROL PRODUCTS ACT.

STORAGE AND DISPOSAL: PESTICIDE STORAGE Store at temperatures above 5°C (40°F). If separation occurs, and less than entire contents of container are to be used, allow to warm to 13°C (55°F) by room heating only and agitate well to make uniform. If crystals form, warm to room temperature [21°C (70°F)] by room heating only for 24-48 hours and agitate occasionally until crystals dissolve and product appears uniform. Do not use external source of heat for warming container. Do not use or store near heat, open flame or hot surfaces. Keep out of reach of children and animals. Keep in original container during storage. Store product in a cool, dry, well ventilated place away from seed, feed, fertilizer or other pesticides. Keep away from fire or open flame or other source of heat. Carefully open containers. After partial use, replace lids and close tightly. Do not put concentrate or dilute material into food or drink containers. Do not contaminate other pesticides, fertilizers, water, food or feed by storage or disposal. In case of spill, avoid contact, isolate area and keep out animals and unprotected persons. Confine spills. **Call FMC: 1-800-331-3148.**

To confine spill: If liquid, dike surrounding area or absorb with sand, cat litter or commercial clay. If dry material, cover to prevent dispersal. Place damaged package in a holding container. Identify contents. **DISPOSAL** Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For additional details and information on clean up of spills, contact the Provincial Regulatory Agency or the manufacturer.

NOTICE TO USER: This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN AND PREVENT ACCESS BY UNAUTHORIZED

PERSONNEL: Will cause toxic reactions or may be fatal if swallowed, inhaled or contacted with skin. Avoid breathing vapors or spray mist. Wear protective clothing inclusive of hand, foot and eye covering when handling and mixing this product. Do not store near feed or foodstuffs. Do not use, pour, spill or store near heat or open flame. **Environmental Hazards** This product is highly toxic to bees and predatory mites. This product is toxic to fish, birds and other wildlife. Keep out of lakes, streams and ponds. Do not contaminate water through spray or drift, cleaning of equipment or disposal of waste. **FIRST AID:** If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to so by a poison control centre or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically. This product contains petroleum distillate. Vomiting may cause aspiration pneumonia.
