PRECAUTIONS:

- Keep out of reach of children.
- Harmful if swallowed.
- Do not mix with any other chemical.
- Corrosive to eyes. Do not get in eyes, on skin or on clothing.
- Wear goggles and gloves when handling.
- Avoid contamination of food.
- Rinse container thoroughly before discarding. Do not reuse.

For information on the disposal of unused, unwanted product and the cleanup of spills, contact the Provincial Regulatory Agency or the manufacturer.

FIRST AID:

In case of contact with skin, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

In case of contact with eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

#### DIRECTIONS FOR USE:

1. Initial dosage, for pool having no visible algae is 50 mL of SUPER ALGI per 10,000 L of pool water.
2. Maintenance dosage is 25 mL per 10,000 L. weekly.
3. For pool water having visible algae, superchlorinate following label instructions of superchlorination product employed and wait for at least 24 hours before adding weekly maintenance dosage.
4. For visible algae, when superchlorination is not employed, add 125 mL of SUPER ALGI per 10,000 L.
