FIRST AID

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

Probable mucosal damage may contraindicate the use of gastric lavage. Treat symptomatically.

PRECAUTIONS

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL

DANGER- POISON

CORROSIVE TO THE EYES AND SKIN

POTENTIAL SKIN SENSITIZER

DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans, and other waters. Harmful or fatal if swallowed. Harmful if inhaled. Maybe harmful if absorbed through the skin. **DO NOT** get in eyes, on skin, or on clothing.

Wear goggles or face shield and rubber gloves when handling. Avoid breathing vapour or mist. Wash well after handling and before eating, drinking and smoking. Avoid contamination of food. Do not take internally. Wash contaminated clothing with soap and hot water before reuse. Do not wear contaminated shoes. Use with adequate ventilation.

ENVIRONMENTAL HAZARDS

TOXIC to aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this pesticide only as specified on this label.

STORAGE

This product is corrosive to mild steel. Do not store or transport in unlined metal containers. Keep in original container during storage. Store in cool, dry, well ventilated place. Keep away from fire or open flame or other source of heat. Do not contaminate with strong oxidizing or reducing agents. Do not contaminate water, food or feed by storage or disposal or cleaning of equipment. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is prohibited.

DISPOSAL/DECONTAMINATION

Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean-up of spills, contact the manufacturer or the provincial regulatory agency.

SPILL AND LEAK PROCEDURES

Dike and contain spill with inert material (e.g., sand, earth). Transfer liquid to containers for recovery or disposal and soil diking material to separate containers for disposal. Keep spills and runoffs out of municipal sewers and open bodies of water. DO NOT take contaminated clothing home to be laundered.

Date of Manufacture:

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.

DIRECTIONS FOR USE:

FOR MANUFACTURING, FORMULATION OR REPACKAGING

This product is sold only for use in the formulation of industrial mildewcides registered under the Pest Control Products Act. To be used only in the manufacture of a product which is registered under the Pest Control Products Act.
