SODIUM HYPOCHLORITE SOLUTION

DIRECTIONS FOR USE

To be used in the manufacture of antimicrobial products which are registered/scheduled under the Pest Control Products Act. Registrants are responsible for their own registrations.

PRECAUTIONS: PREVENT ACCESS BY UNAUTHORIZED PERSONNEL.

Harmful if swallowed. **CORROSIVE** to the eye. **DO NOT** get in eyes. Corrosive to the skin. **DO NOT** get on skin. Harmful if inhaled. Avoid breathing vapour or mist. Do not mix with acids because dangerous chlorine gas will be released. Do not use in products containing alcohols, ammonia, amines glycols, nitrates, esters, ketones or other oxidizable compounds.

FIRST AID: Contains sodium hypochlorite.

If swallowed: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Highly Corrosive. Skin or eye contact will cause severe irritation and possibly burns. Inhalation of mists or fumes can cause severe irritation of the respiratory tract.

Note: Avoid acid conditions. Acidification of sodium hypochlorite leads to release of toxic chlorine gas.

ENVIRONMENTAL HAZARDS:

Toxic to aquatic organisms. **DO NOT** discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans, or other waters.

STORAGE: Store this product away from food or feed. Keep away from direct heat. Do not store near acids, ammonia or organic substances. Storage temperature should be between -10°C and 30°C.

DISPOSAL: Canadian manufacturers should dispose of unwanted active ingredients and containers in accordance with municipal or provincial regulations. For additional details and clean-up of spills, contact the
