KEEP OUT OF REACH OF CHILDREN

Products containing this antimicrobial pesticide are not to be used in food packaging materials or food contact products.

REGISTRATION NO. 25757 PEST CONTROL PRODUCTS ACT

NET CONTENTS: kg

ARXADA, LLC 412 Mount Kemble Avenue, Suite 200S Morristown NJ 07960

201-316-9200

DIRECTIONS:

DANTOGARD® PLUS preserves and aids in the control of the growth of bacteria and fungi in liquid detergents, soft soaps, room deodorizers and air fresheners, water-based surfactants, polymer emulsions, protective and decorative coatings, water-based gels for household and industrial products, textiles, water-based adhesives, latex for paper coatings, and water-based inks. DO NOT use this product in the production of paper coatings that will come in contact with food. DANTOGARD® PLUS should be added to the formulation to be preserved at a rate of 1.0 to 10.0 kg per 1,000 or 1,000 to 10,000 ppm based upon the total weight of the product to be preserved.

DO NOT use for plastic for toys.

DO NOT use for textile for apparel.

DO NOT use on any fabric where prolonged skin contact may occur. Treated textiles preserved with iodocarb are not to be used in residential settings where bystanders including children may potentially contact treated textiles. This includes around homes, schools, parks, playgrounds, playing fields, public buildings or any other areas where the general public, including children, could be exposed.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

This registration is granted under the Pest Control Products Act and does not exempt the user from any other legislative requirements.

Use of this product and management of any resulting discharge or release of effluents containing this product must also be in accordance with the Fisheries Act and with any other applicable federal or provincial legislation.

Consult with provincial regulatory authorities on any authorizations or other requirements for use of this product and management of any resulting discharge or release of effluents containing this product

PRECAUTIONS:

KEEP OUT OF REACH OF CHILDREN. DANGER-CORROSIVE TO EYES. CAUSES SKIN IRRITATION. HARMFUL IF INHALED. Do not get in eyes, on skin or on clothing. Avoid breathing dust. Wear a long-sleeved shirt, long pants, chemical-resistant gloves, socks and shoes when handling the concentrated product or treated process fluids and during clean-up and repair. Remove and wash contaminated clothing before re-use.. In addition, wear a NIOSH-approved N95 (minimum) filtering facepiece respirator (dust mask) that is properly fit tested when handling the concentrated powder. Follow manufacturer's instructions for cleaning/maintaining personal protective equipment. If no such instructions exist for washables, use detergent and hot water. Keep and wash personal protective equipment separately from other laundry.

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove personal protective equipment immediately after handling this product. Wash the outside of gloves before removing. Wash thoroughly as soon as possible. Ensure that formaldehyde air concentrations in the workplace do not exceed the exposure levels established by occupational health and safety authorities in your jurisdiction (e.g. engineering controls, monitoring). If values exceed this level, wear NIOSH-approved respiratory protection.

TOXICOLOGICAL INFORMATION: Treat Symptomatically.

FIRST AID:

If in eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to mouth, if possible. Call a poison control centre or doctor for further treatment advice.

If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

Take container, label or product name and Pest Control Registration Number with you when seeking medical attention.

ENVIRONMENTAL HAZARDS:

Toxic to aquatic organisms.

DISPOSAL:

- 1. Triple- or pressure-rinse the empty container. Add the rinsings to the productions batch.
- 2. Follow provincial instructions for any required additional cleaning of the container prior to disposal.
- 3. Make the empty container unsuitable for further use.
- 4. Dispose of the container in accordance with provincial requirements.
- 5. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER:

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label.
