DIRECTIONS FOR USE: Recommended for use in a handheld pump sprayer or backpack sprayer, or as a spot treatment.

DORMANT SEASON: Kills over-wintering red mites, leafrollers, pear psylla, scales and currant aphids. May be applied to all fruit trees, ornamental trees and shrubs except plants listed below. **Rate:** Mix 60 ml (4 tbsp) in 3 L of water and mix thoroughly. Shake frequently while using. DO NOT apply to any body of water. DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes. Avoid application of this product when winds are gusty.

COMBINATION DORMANT SPRAY: Fruit trees, roses and deciduous ornamentals. For over wintering insects, eggs, oystershell scales, San Jose scales, rose scales, black scales as well as over wintering fungus disease. **Rate:** Mix 120 ml (8 tbsp) of Green Earth[®] by Wilson[®] Lime Sulphur Concentrate and 60 ml (4 tbsp) of Green Earth[®] by Wilson[®] Horticultural Oil Insect Spray in 3 L of water. Apply in early spring when danger of frost is past, before leaf buds show green at tips. Spray on a mild morning to allow mixture to dry quickly. Do not spray during freezing weather. **WARNING:** May cause bark damage on Red Delicious, Empire and Mutsu apple trees.

GROWING SEASON: Woody ornamentals: To control scale insects, spider mites, whiteflies, mealybugs. **Rate:** Mix 10 ml (2 tsp) in 1 L of water and apply as a forceful spray, wetting pests and all parts of plants thoroughly.

NOTE: For plant safety, do not use on beech, butternut, Colorado blue spruce, Douglas fir, hickory, holly, sugar maple, Japanese maple and walnut. If in doubt about use on sensitive plants, test on a leaf or two. Spray damage will be apparent in 24 hours, if any.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid inhalation of spray mist. Wear a long sleeved shirt, long pants, and shoes and socks during mixing, loading, application, clean-up and repair. Wash hands after use. Do not enter or allow others to enter treated areas during the restricted-entry interval of 12 hours.

FIRST AID: If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person. **If in eyes,** hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If on skin or clothing,** take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: This product contains petroleum distillates. Vomiting may cause aspiration pneumonia. Treat symptomatically. Use gastric lavages and saline cathartics.

ENVIRONMENTAL HAZARDS: Toxic to aquatic organisms. To reduce runoff from treated areas into aquatic habitats avoid application to areas with a moderate to steep slope, compacted soil or clay. Avoid application when heavy rain is forecast. Contamination of aquatic areas as a

2022-1277
2022-05-04

result of runoff may be reduced by including a vegetative strip between the treated area and the edge of the water body.

DISPOSAL: Do not reuse empty container. Wrap empty container and discard in household garbage.
