Net contents: 1 L

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Do not mix with any other chemical. Harmful if swallowed. Avoid contact with skin and eyes.

STORAGE: Keep container closed when not in use. Store in a cool, dry, well-ventilated location. Do not contaminate food or feed by storage or disposal or cleaning of equipment.

DISPOSAL: Rinse container thoroughly before discarding. Do not reuse empty container. Offer for recycling if available, or dispose in accordance with local and provincial regulations. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

ENVIRONMENTAL PRECAUTIONS: Toxic to aquatic organisms.

FIRST AID:

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

IN CASE OF EMERGENCY CALL: 1-800-654-6911.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

WHY YOU SHOULD USE THIS PRODUCT:

This product, when used regularly, will kill algae and prevent the future growth of algae. For best results, follow our 4 step pool care program.

Step 1: Test and balance water

Step 2: Sanitize

Step 3: Shock regularly

Step 4: Add algaecide as directed

DIRECTIONS FOR USE:

Initial dosage:

- For treatment of a freshly cleaned and filled pool add initially 100 mL of **HTH® Super Algae Kill 40** per 10,000 liters of water.

Maintenance dosage:

- Add 35 mL of this product per 10,000 liters of water every 5 to 7 days after initial treatment.

Visible Algae Dosage:

If pool has slight visible algae growth, brush pool surface where algae is present and treat with 150 mL of this product per 10,000 liters of water. Vacuum pool after 24 hours to remove algae debris. If visible algae are still present or re-appear, repeat this treatment as necessary.

When pool is free of visible algae, use the “Maintenance Dose” as above.
