For use as a residual spot or crack and crevice treatment to control insects listed on front panel.

**GENERAL DIRECTIONS:** Hold container approximately 30 cm from surface being sprayed and spray until wet. Thorough applications produce a coating which will vapourize into cracks and crevices for insect control.

DO NOT apply as a space spray or broadcast application. ONLY spot or crack and crevice applications are permitted. Spot application is localized to a surface area not more than 0.2 m<sup>2</sup>. Spots are not to be adjoining. The combined area of spots is not to exceed 10% of the total surface area of a room. Crack and crevice is an application directly into narrow openings on the surface of the structure. It does not include the treatment of exposed surfaces. Narrow openings typically occur at expansion joints, utility entry points and along baseboards and mouldings.

**INDOOR USE:**

**To Kill Spiders, Sowbugs, Earwigs, Cockroaches, Crickets, Silverfish, Ants and Carpet Beetles**

Thoroughly treat indoor building surfaces in hard to reach areas including cracks, crevices in walls, floors and ceilings; along and behind baseboards; walls behind and floors beneath appliances (e.g. refrigerators and stoves) and furniture (shelves, drawers, cabinets and storage units); around garbage containers; localized areas of floors and floor coverings; and points of entry (e.g. around windows and doors). Treatment must only be repeated after 7 days if pest problem persists or reoccurs.

**To Kill Brown Dog Ticks and Fleas:**

Apply to indoor building surfaces, including cracks and crevices in walls and floors, along and behind baseboards, window and door frames and localized areas of floor and floor coverings. For effective flea and tick control indoors, clean any area used by the pet. Cleaning the areas includes vacuuming floors, carpets, furniture, etc. (discard vacuum bag after use) and washing the pet's bedding, living quarters, and surrounding area. Treatment must only be repeated after 7 days if pest problem persists or reoccurs. Do not spray pets with this product. Only treat pets with products specifically registered for use on that type of pet.

**OUTDOOR USE:**

**To Kill Spiders, Sowbugs, Earwigs, Cockroaches, Crickets, Millipedes, Ants, Fleas, Brown Dog Ticks, House Flies and Cluster Flies**

For use outdoors on the exterior surfaces of buildings, garbage cans and on patios, porches and decks as a spot treatment. Apply to the outside surfaces of foundations, light fixtures, eave troughs and under eaves and places where listed pests enter (e.g., screens, doors, window frames). This product may also be applied to garbage cans and localized areas of patios, porches and decks. Cluster flies and house flies will be killed when they land on the treated surfaces. DO NOT apply in areas where plants are grown for food or feed (e.g., vegetables, fruit, herbs). When applied to the exterior surfaces of buildings, garbage cans and on patios, porches and decks, DO NOT treat soil, turf or other plants adjacent to the treatment site. Treatment must only be repeated after 14 days if pest problem persists or reoccurs.

### **Outdoors on Ant Hills:**

To Kill Ants: Directly spray ant hills and trails. Treatment must only be repeated after 7 days if pest problem persists or reoccurs.

### **PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.**

May be harmful if swallowed, inhaled or absorbed through skin. Provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. Avoid breathing spray mist. Wash thoroughly with soap and warm water after using. . Cover fish bowls when spraying.. Do not contaminate animal feeding areas. Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat, or store or use above 50°C as container may burst. Do not puncture or incinerate container or spray near open flame or spark, or while smoking.

#### Restrictions:

DO NOT apply to overhead areas or in confined spaces (for example, indoors in attics, crawlspaces, small storage rooms, closets and outdoors to eaves, soffits).

When applied indoors, ventilate treated areas after application by opening windows and doors, or using fans where required to aid in the circulation of air.

DO NOT apply when people or pets are present.

DO NOT allow people or pets to enter treated areas until sprays have dried.

DO NOT allow spray to drip or allow drift onto non-target surfaces.

DO NOT apply to people, pets, livestock or sources of electricity.

DO NOT apply to furniture, mattresses, linens, toys or clothing.

DO NOT apply as a space spray or broadcast application.

DO NOT apply to any body of water.

DO NOT contaminate irrigation or drinking water supplies or aquatic habitats by cleaning of equipment or disposal of wastes.

Avoid application of this product when winds are gusty.

DO NOT apply to surfaces that may come into contact with food /feed.

DO NOT contaminate food/feed. Cover or remove all food/feed. Cover all food/feed processing surfaces, equipment and utensils or thoroughly wash following treatment.

**FIRST AID:** If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by the poison control centre or doctor. **Do not give any liquid to the person.** Do not give anything by mouth to an unconscious person.

If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Registration Number with you when seeking medical attention.

### **ENVIRONMENTAL PRECAUTIONS**

Toxic to aquatic organisms. Toxic to birds. Toxic to bees. Toxic to beneficial insects. Toxic to wildlife.

2019-6716  
2020-06-10

**TOXICOLOGICAL INFORMATION:** Contains Petroleum Distillate. Vomiting may cause aspiration pneumonia.

**DISPOSAL:** When container is empty, press button to release all pressure, then dispose in household garbage. Do not puncture or incinerate container.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label.
