Label, lateral panel (english version) VÉTO ÉQUIN

**DIRECTIONS FOR USE: DO NOT USE ON HORSES INTENDED FOR SLAUGHTER.** To protect horses from horn flies, house flies, stable flies, horseflies, deer flies, mosquitoes, and biting midges. Apply a light mist sufficient to wet the surface of the hair. Do not saturate hair or skin. To control stable flies, horseflies and deer flies, apply at a rate of 60 mL per adult animal sufficient to wet the hair thoroughly. Repeat treatment daily or at intervals necessary to give continued protection, but not more often than once per day.

**FILLING INSTRUCTIONS:** - The 1 L spray bottle can be refilled but only with the product Véto equine. - Make sure the spray bottle Véto equine is empty before refilling. - Remove the cap and carefully pour the product Véto equine in the empty spray bottle. The use of a funnel is recommended to avoid splashes and spills. - No dilution or mixing is required, do not add water. - Close the cap after filling.

**PRECAUTIONS:** Harmful if swallowed or absorbed through skin. May be irritant to eyes and mucous membranes. Avoid breathing vapors or spray mist. Avoid contact with skin and eyes. Remove pets and birds before surface applications. Avoid contamination of feed and foodstuff.

This product is toxic to fish. Do not apply directly to lakes, ponds, streams, marshes or estuaries. Do not contaminate water by cleaning of equipment or disposal of waste.

**FIRST AID: if swallowed:** Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. **If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. **If inhaled:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

**STORAGE:** Do not transport or store under 0°C. Store in a place inaccessible to children and pets. Store in original container in a cool dry place. Protect from freezing.

**DISPOSAL:** Do not reuse container. Wrap and dispose of empty container in household garbage. However the 1 L spray bottle can be refilled with the product Véto equine by following the filling instructions.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
