(PRINCIPAL PANEL)

CLOR-12
Sodium Hypochlorite

Chlorinating Liquid

COMMERCIAL

STORE UPRIGHT IN A COOL DARK LOCATION

READ THE LABEL BEFORE USING

ACTIVE INGREDIENT: Available chlorine, present as sodium hypochlorite....10.3%

REGISTRATION NO. 24387 PEST CONTROL PRODUCTS ACT

DANGER

CORROSIVE TO EYES AND SKIN

Net Contents: 4L to 3000L

Glen Chemicals Limited

1149 Bellamy Road North, Unit 18, Scarborough, Ontario M1H 1H7

(SECONDARY PANEL)

DIRECTIONS FOR USE: For general sanitation and bleaching, use 24 mL of CLOR-12 per 4L of water. All treated surfaces must be thoroughly rinsed with water following treatment. **CAUTION:** Do not mix with toilet bowl cleaner, rust remover, ammonia or acids. Do not use on silk, wool, mohair, lycra, unfast colours, leather, aluminum or silverware.

For municipal water treatment of sewage and industrial effluent:

1. Clor-12 is only to be used in automatic feeding devices designed for wastewater sanitation.
2. Fill and adjust feeding device according to manufacturer's recommendations and monitor chlorine residual/coliform level as required by applicable regulatory agency.
3. On the average, satisfactory disinfection of wastewater effluent can be obtained when the chlorine residual is 0.5 ppm after 15 minutes contact. Although the chlorine residual is the critical factor in disinfection, the importance of correlating chlorine residual with bacteria kill must be emphasized.

PRECAUTION STATEMENTS: KEEP OUT OF REACH OF CHILDREN. Dangerous gas formed when mixed with acid. Do not mix with any other chemical. **CORROSIVE** to the eye. **DO NOT** get in eyes. **CORROSIVE** to the skin. **DO NOT** get on skin. Harmful if swallowed or inhaled. Avoid breathing vapour and sprays. Wear long-sleeved shirt, long pants, chemical-resistant gloves, protective eyewear (goggles or face shield), socks and shoes when handling this product. Rinse container thoroughly before discarding. Do not reuse.

ENVIRONMENTAL PRECAUTIONARY STATEMENT: Toxic to aquatic organisms. This registration is granted under the Pest Control Products Act and does not exempt the user from any other legislative requirements. Use of this product and management of any resulting discharge or release of effluents containing this product must also be in accordance with the Fisheries Act and with any other applicable federal or provincial legislation. Consult with provincial regulatory authorities on any authorizations or other requirements for use of this product and management of any resulting discharge or release of effluents containing this product.

FIRST AID: If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person. If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Probable mucosal damage following ingestion may contraindicate the use of gastric lavage.

STORAGE: Store this product away from food or feed. Keep container closed and store in a cool location.

DISPOSAL:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
