DIRECTIONS FOR USE

ACTICIDE® OIT Technical Industrial Microbiocide is to be used in the manufacture of products which are registered under the *Pest Control Products Act*. These pest control products can be used in polymer products including adhesives and wood preservatives for protection against microbial attack.

PRECAUTIONS

DANGER – POISON

CORROSIVE TO THE EYES AND SKIN

POTENTIAL SKIN SENSITIZER

PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. Fatal or poisonous if swallowed. May be harmful if absorbed through the skin. Harmful if inhaled. Avoid breathing vapour or mist. Corrosive to the eye and skin. DO NOT get in eyes, on skin or on clothing. Potential skin sensitizer.

Wash thoroughly after handling. DO NOT discharge effluent containing this product into sewer systems, lakes, streams, ponds, estuaries, oceans or other waters. Use this pesticide only as specified on the label.

FIRST AID

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give anything by mouth to an unconscious person.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control centre or doctor for treatment advice.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take the container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.
