EPA Est. No. 1021-MN-2

### DIRECTIONS FOR USE

To be used only in the manufacture of insecticides which are registered under the *Pest Control Products Act*. This product is to be used with appropriate solvents and/or carriers and, in the case of pressurized products, propellents, to produce an insecticide product.

Do not use in food handling, storage or preparation areas while food is present.

Mix well in drum before sampling and each use.

**PRECAUTIONS:** PREVENT ACCESS BY UNAUTHORIZED PERSONNEL. Harmful if swallowed. Avoid breathing vapors or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs. This product is toxic to fish. Do not contaminate any body of water by cleaning of equipment or disposal of wastes. Do not use or store near heat or open flame.

**FIRST AID:** In case of contact with eyes, hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If swallowed, call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. If on skin or clothing, take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice. If inhaled, move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** This product contains petroleum distillates. Vomiting may cause aspiration pneumonia. Treat symptomatically.

**ENVIRONMENTAL HAZARDS:** Toxic to aquatic organisms.

**STORAGE:** Store in a cool, dry place. Keep container closed.

**DISPOSAL:** Canadian formulators using this product should dispose of unwanted active ingredient and containers in accordance with municipal or provincial regulations. For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

**NOTICE TO USER:** This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
