DIRECTIONS FOR USE

C-6104 Adjuvant is a blend of oil surfactant designed for use with ODYSSEY Water-Dispersible Granular Herbicide, Reg. No. 25111 on field peas and imazethapyr tolerant canola (e.g. canola with the SMART® trait). Use at a rate of 0.5% v/v (5 L **C-6104** per 1000 L total spray solution). Refer to the herbicide label for detailed use instructions.

MIXING

1. Thoroughly clean the sprayer prior to use. For appropriate cleaning instructions, refer to the label of the product sprayed previously.
2. Fill spray tank half full with clean water.
3. Add the desired amount of ODYSSEY Water-Dispersible Granular Herbicide and **C-6104 Adjuvant** and continue filling.
4. After filling, continue agitation.
5. Immediately after use, thoroughly clean the sprayer by completely filling spray tank with clean water while adding 1 litre of ammonia (containing 3% ammonia) per 100 litres of water. Agitate to mix water and ammonia. Reduce amount of ammonia added proportionally if higher concentrations of ammonia are used. Flush solution through boom and nozzles, and then add more water to completely refill the tank. Agitate the solution for at least 15 minutes and then flush the boom and nozzles until the spray tank is empty.
6. Remove the nozzles and screens and clean separately in a bucket containing a cleaning agent and water.
7. Fill spray tank half full with clean water.
8. Agitate to thoroughly rinse the tank and flush the water through the boom.

PRECAUTIONS

1. **KEEP OUT OF REACH OF CHILDREN.**
2. Corrosive to skin. May cause eye irritation. DO NOT get on skin or in eyes.
3. Do not take internally. Harmful if swallowed or absorbed through the skin.
4. Skin irritant. Avoid inhalation of vapour or spray mist and contact with eyes, skin or clothing.
5. Eye irritant. Wear eye protection when mixing and loading.

6. Wash thoroughly after handling and before eating, drinking or smoking.
7. Wear long-sleeved shirt and long pants, chemical resistant gloves, hat, socks and footwear during mixing, loading, application, clean-up and repair. Wear goggles or face shield during mixing/loading.
8. If clothing becomes contaminated, remove and wash separately from household laundry before re-use.
9. Clean spray equipment thoroughly after use.
10. Do not apply in a manner that will result in contamination of any open bodies of water or waterfowl habitats, e.g. domestic or irrigation water, lakes, streams and ponds during application, by the cleaning of equipment or the disposal of waste.

FIRST AID INSTRUCTIONS

IN CASE OF EYE CONTACT: Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice.

IN CASE OF SKIN CONTACT OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor for treatment advice.

IF SWALLOWED: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION

This product contains petroleum distillate at greater than 10% of the formulation and may present an aspiration hazard if ingested. DO NOT induce vomiting if ingested.

STORAGE

1. Store in original tightly-closed container and do not allow water to be introduced to this container.

2022-0975
2022-03-04

2. Do not ship or store near food, feed, seed or fertilizers.
3. Store product in cool, dry, locked, well ventilated area without floor drain.
4. Product must be stored at temperatures above 5°C (40°F).

DISPOSAL

Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the spray mixture in the tank.
2. Make the empty, rinsed container unsuitable for any further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

For information on disposal of unused, unwanted product, contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the *Pest Control Products Act* to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.
